### ZAYO COLOCATION

From single cabinets to complex suites, zColo's data centers have flexible space and power options to meet a wide range of infrastructure needs. Our facilities offer the highest levels of physical security and compliance and provide back-up systems for full redundancy. zColo data centers feature carrier-neutral connectivity and interconnections, which includes connections to Zayo's extensive global network and thousands of on-net buildings.

### ECO-FRIENDLY FEATURES

- High efficiency chillers

Five minutes from SeaTac Airport and located 20 minutes from Seattle, the Tukwila data center offers a prime location for connections to other markets and locations with low latency back to our Seattle facility. The facility is conveniently located near the I5 and I405 Interstates. Tenants can choose from custom data center space, including private cages and cabinets.
