B2 Brisbane

Strategically located in Fortitude Valley, close to a major electricity substation and significant telecommunications infrastructure, B2 will deliver the much needed data centre capacity Brisbane organisations demand.

Acting as Brisbane's major hub for connectivity, B2 will deliver the access to the world's largest cloud computing platforms and enable organisations to connect on-demand to a host of cloud services such as AWS, IBM SoftLayer, Microsoft Azure and Office 365.

As Brisbane's newest and most highly connected independent data centre, B2 will have 3,000m² of high-density technical space and will scale to a target capacity of 6MW at full fit-out. Surpassing all industry standards for security, performance, reliability, resiliency and energy-efficiency, B2 will showcase the latest innovations in data centre design, delivering the technical excellence organisations require.

B2 at a glance

Location	Fortitude Valley
Technical space	~3,000m ¹
Total IT capacity	6.0MW
Initial capacity	~1.5MW
Target PUE	~1.34 ¹ / 1.25 ²
Practical completion	2H FY17

1. Value relates to total energy consumption ratio during a full calendar year, dependent on load and supports a NABERS 5 star rating.
2. Value refers to best instantaneous power consumption ratio within a calendar year, dependent on load and optimal environmental conditions.

NEXTDC

AMPLIFYING REACH THROUGH DIGITAL ECOSYSTEMS

In the digital world, companies build and rely on ecosystems to thrive.

NEXTDC enables the flexibility, scalability and choice that your business demands.

As digitalisation matures, organisations are bypassing traditional business models by tapping into a broader ecosystem of digital businesses. Ecosystems have become a crucial ingredient for the success of a new kind of business. They amplify company reach, enable scalable connections between partners and customers, and provide a platform for parties to connect with one another freely.

By giving rise to a new kind of business, ecosystems are shaping not only the next generation of products and services organisations are able to deliver, but the unique experiences they offer their customers.

NEXTDC houses and nurtures Australia's most unique and dynamic marketplace of customers and partners. Comprising an unrivalled depth and breadth of world class ICT skills, the people, platforms and technology that make up our marketplace are what make it world-class. It's here businesses come to connect and leverage the combined strength of a new kind of digital marketplace and explore the new digital world.

Amplify your reach, join the NEXTDC marketplace.
